Under Pennsylvania Law, a farm animal activity sponsor, farm animal professional or other person does not have the duty to eliminate all risk of injury due to participation in farm animal activities. There are inherent risks of injury that you voluntarily accept if you participate in farm animal activities.

All mares being bred must be vaccinated within 7 to 90 days prior to breeding for Equine Herpes Virus Type 1 (i.e. Rhinomune). A statement to this effect needs to accompany the mare to the shed – may be included on culture sheet.

CURRENT NEGATIVE COGGINS (with six (6) months of breeding date) and a current HEALTH CERTIFICATE (within 72 hours of breeding time) MUST ACCOMPANY MARE AT TIME OF ARRIVAL.
